The papers in this report have been independently certified in accordance with the FSC (Forest Stewardship Council). All pulps are Totally Chlorine Free (TCF) and Elemental Chloride Free (ECF) and the inks used are all vegetable oil based.

This has been printed using an alcohol free process and the printing inks are made from vegetable oil and are non-hazardous from renewable sources. Over 90% of solvents and developers are recycled for further use and recycling initiatives are in place for all other waste associated with this production. The printers are FSC and ISO 14001 certified with strict procedures in place to safeguard the environment through all their processes and are working on initiatives to reduce their Carbon Footprint.
